

Simulated Participant Workshop

Friday, April 3

9:00am – 1:30pm

St. Louis Simulation Group

Address:

SSM Health Simulation and Training Center
1345 Smizer Mill Road, Fenton, MO., 63026

Topic:

How to Start an Affordable University Course to Include
Simulated Participants

Presenter:

Amy Cowperthwait
CEO, RN, APRN, CHSE

Amy has been a leader and advocate of simulation education since 2006 where she works as clinical faculty at the University of Delaware. In 2009 she co-founded Healthcare Theatre with faculty from the Theatre Department to pilot IPE simulations between theatre, nursing.

11:00–12:00		LUNCH CATERED BY AVKIN
12:00–1:00		TOPIC 2: “Creating Rich Characters For Your Simulations”
1:00–1:30		WRAP UP—TOUR OF SIMULATION CENTER

MORE ABOUT THIS EVENT

Building Cultural Competence and Compassion into Simulation Education

Patients and their families from all walks of life enter the doors of health clinics and acute care settings fearful, vulnerable, and uncertain of the next steps in their treatment. Healthcare providers have a fundamental responsibility to provide compassionate, culturally competent care. The challenge for educators is how to “fit” cultural competence and compassion education into the curriculum of an already packed health professions education. This workshop answers the question: how can educators leverage the safe environment of the simulation center to equip the healthcare providers of today and tomorrow with the knowledge, skills, and attitudes necessary to consistently provide culturally sensitive, compassionate care?
